## MR C80 OD GL60

Face material
One side coated label paper that is soft calendered.

Adhesive
Generally removable adhesive, is a combination of good initial tack and good removability from most surfaces.

- Face material
- Adhesive
- Liner

Backing material
Yellow, smooth, calendered siliconozed paper.

Application and usage
Label paper offers reliable, consistent performance in various converting pplications. The paper has a bright and smooth printing surface.It is used for product labeling and VIP labeling

Converting
Basic, bulky label paper is used for improved printability with printing methods like, flexo, letterpress, offset, silk screen, thermal transfer, UV-flexo, UV-inkjet.

Shelf Life
Shelf life is two years in the original packaging under standard conditions (22 ° C, 50% RH, without direct exposure to sunlight).
